Geachte burgemeester van de Mortel,
Geachte leden van de gemeenteraad,

Namens de stad Ieper (Lead City voor Mayors for Peace België) en Mayors for Peace Nederland nodigen wij u uit om deel te nemen aan Mayors for Peace, een wereldwijd netwerk van burgemeesters dat zich inzet voor nucleaire ontwapening. In een tijd waarin conflict alomtegenwoordig lijkt en de dreiging van nucleaire wapens nog altijd bestaat en verder escaleert, is het van essentieel belang dat lokale leiders zich verenigen om de boodschap van vrede en veiligheid uit te dragen.

Mayors for Peace, opgericht in 1982 door de burgemeesters van Hiroshima en Nagasaki als een reactie op de verschrikkelijke gevolgen van nucleaire wapens, heeft zich ontwikkeld tot een wereldwijd netwerk van meer dan achtduizend steden die zich sterk maken voor nucleaire ontwapening en wereldvrede. Als lid van Mayors for Peace zult u deel uitmaken van een wereldwijde beweging die zich inzet voor het voorkomen van nucleaire catastrofes en het bevorderen van internationale samenwerking voor vrede en veiligheid.

Door lid te worden van Mayors for Peace kunt u:

- Uw gemeente verbinden met een wereldwijd netwerk van steden die dezelfde **waarden van vrede en veiligheid** delen.
- Deel uitmaken van een **krachtige lobby** voor nucleaire ontwapening op internationaal niveau.

Bijgevoegd vindt u de uitnodigingsbrief van de burgemeester van Hiroshima, waarin ook het registratieformulier te vinden is. Voor meer informatie over Mayors for Peace kunt u terecht op www.mayorsforpeace.org.

Daarnaast moedigen wij u aan om het ICAN Cities Appeal te ondertekenen, een initiatief dat wereldwijd steden en gemeenten oproept om zich uit te spreken tegen nucleaire wapens en zich te verbinden aan het Verdrag inzake het Verbod op Kernwapens. Door het ICAN Cities Appeal te ondertekenen kunnen steden een sterk signaal sturen naar nationale en internationale beleidsmakers over de urgentie van nucleaire ontwapening. Als vertegenwoordiger van de lokale gemeenschap is uw betrokkenheid van grote waarde voor het bevorderen van vrede en veiligheid op lokaal en mondiaal niveau.

Bijgevoegd vindt u het ICAN Cities Appeal, dat u kunt ondertekenen om deel uit te maken van de steden die zich inzetten voor nucleaire ontwapening. Gelieve het document in te vullen en terug te sturen naar nukes@paxforpeace.nl om uw ondertekening te bevestigen.

Voor meer informatie over het ICAN Cities Appeal kunt u terecht op <https://cities.icanw.org/>. Voor algemene informatie over de missie van ICAN kunt u terecht op <https://www.icanw.org/>.

Gelieve bij deelname aan zowel Mayors for Peace als het ICAN Cities Appeal burgemeestersvoorvrede@gmail.com in de CC te zetten voor administratieve doeleinden.

Wij kijken ernaar uit om u te verwelkomen als lid van Mayors for Peace en als ondersteuner van het ICAN Cities Appeal en samen te werken aan een vreedzamere toekomst voor ons allemaal.

Met vriendelijke groet,

Vrede en internationale solidariteit stad Ieper/Mayors for Peace Nederland

April 2024

Dear Fellow Mayor,

I trust this letter finds you well.

In August 1945, two atomic bombs instantly reduced the cities of Hiroshima and Nagasaki to rubble, taking more than 210,000 precious lives by the end of the year. The *hibakusha*—those who barely survived—still suffer from the harmful aftereffects, notably of radiation. While their minds and bodies are in pain, they continue to make their appeal that “no one else should suffer as we have.”

With our *hibakusha* aging, we are determined to have their experiences and strong desire for peace shared and wholeheartedly accepted by future generations, and to have those commitments spread throughout the world. I am convinced that spreading their message will eventually lead to the realization of their most cherished will, the abolition of nuclear weapons.

In 1982, Hiroshima and Nagasaki established Mayors for Peace to achieve this goal. It is a non-partisan, global network of municipalities that is registered at the UN with ECOSOC. Since its establishment, Mayors for Peace has expanded its membership and worked in solidarity with its member cities to call for the realization of a world free from nuclear weapons and lasting world peace. Presided by the Mayor of Hiroshima and vice presided by the Mayor of Nagasaki along with 10 other mayors of cities from across the world, as of April 1st of this year, Mayors for Peace has grown to 8,378 member cities from 166 countries and regions.

In January 2021, the Treaty on the Prohibition of Nuclear Weapons entered into force, which is the first multilateral treaty to clearly and fundamentally define that nuclear weapons are subjected to total prohibition. This is a proof that voices of *hibakusha* and those who share their fervent wish for the total elimination of nuclear weapons pushed international society forward. In this context, Mayors for Peace adopted the Vision for Peaceful Transformation to a Sustainable World (PX Vision) and Action Plan (2021-2025) in July of the same year. The Vision sets forth three objectives: “Realize a world without nuclear weapons,” “Realize safe and resilient cities,” and “Promote a culture of peace.” In order to pursue these objectives, we have decided to put a greater emphasis on the expansion of our membership.

The growing number of Mayors for Peace member cities is a powerful force building real momentum toward peace and the abolition of nuclear weapons. To this end, I humbly ask that you share in our sincere message from the atomic bombed cities of Hiroshima and Nagasaki and join Mayors for Peace to support our initiatives toward genuine and lasting world peace.

Sincerely yours,

MATSUI Kazumi
President of Mayors for Peace
Mayor of Hiroshima

Mayors for Peace

1. Outline

In August 1945, atomic bombs dropped on the cities of Hiroshima and Nagasaki instantly reduced them to rubble, taking more than 210,000 precious lives. With more than 75 years since the bombings, many survivors (*hibakusha*) still suffer from the physical and emotional aftereffects of radiation. To spread throughout the world the *hibakusha*'s ardent wish symbolized in the message that "no one should suffer as we have," and to ensure it is passed on to future generations, Hiroshima and Nagasaki remain steadfast in our assertion to the world that nuclear weapons are inhumane and continue to call for their abolition.

On June 24, 1982, at the 2nd UN Special Session on Disarmament held at the UN Headquarters in New York, then Mayor Takeshi Araki of Hiroshima called for cities throughout the world to transcend national borders and join in solidarity to work together to press for nuclear abolition. Subsequently, the Cities of Hiroshima and Nagasaki established "The World Conference of Mayors for Peace through Inter-city Solidarity" (now, Mayors for Peace), composed of mayors around the world who formally expressed support for this call. In 1991, the organization was registered as an NGO in Special Consultative Status with the UN Economic and Social Council (ECOSOC).

*On August 5, 2001, the organization changed its name from "The World Conference of Mayors for Peace through Inter-city Solidarity" to "Mayors for Peace."

2. Mission

The purposes of "Mayors for Peace" are to contribute to the attainment of lasting world peace by arousing concern among citizens of the world for the total abolition of nuclear weapons through close solidarity among member cities as well as by striving to solve vital problems for the human race such as starvation and poverty, the plight of refugees, human rights abuses, and environmental degradation.

ICAN CITIES APPEAL

Een wereldwijde oproep van steden en gemeenten ter ondersteuning van het VN-Kernwapenverbod

Over het Appel

Kernwapens vormen een onacceptabele dreiging voor iedereen wereldwijd. Dit is waarom op 7 juli 2017, 122 landen voor aanneming van het VN-kernwapenverbod hebben gestemd. Alle nationale overheden worden uitgenodigd om dit verdrag te ondertekenen en te ratificeren. Het verbiedt het gebruik, productie en opslag van nucleaire wapens en legt een stevig fundament voor de totale eliminatie van deze wapens. Steden en gemeenten kunnen meehelpen de steun voor het VN-kernwapenverbod te vergroten door het ICAN Cities Appeal te ondertekenen.

Tekst van het Cities Appeal

"Onze stad/gemeente heeft grote zorgen over de ernstige bedreiging die kernwapens vormen voor mensen wereldwijd. We geloven dat onze inwoners het recht hebben om te leven in een wereld zonder deze dreiging. Ieder gebruik van kernwapens, opzettelijk of per ongeluk, zou catastrofale, wijdverbreide en langdurige gevolgen hebben voor zowel mensen als het milieu. Daarom verwelkomen we het VN-Kernwapenverbod dat in 2017 door de Verenigde Naties is aangenomen en roepen we onze regering op dit Verdrag zo snel mogelijk te ondertekenen en te ratificeren."

Hoe het Appel te ondertekenen

De burgemeester, griffier of een andere vertegenwoordiger van de gemeente kan laten weten dat zijn of haar gemeente het Cities Appeal ondersteunt door een mail sturen naar nukes@paxforpeace.nl. Deze oproep is in het bijzonder gericht aan steden en gemeenten in landen, zoals Nederland, die het VN-kernwapenverbod nog niet hebben ondertekend.

Suggesties voor verdere actie

- 1. Laat het de Nederlandse overheid weten:** informeer de Minister van Buitenlandse Zaken of een andere relevante vertegenwoordiger dat uw gemeente het ICAN Cities Appeal heeft ondertekend.
- 2. Informeer de media:** stuur een persbericht uit waarin wordt aangekondigd dat uw gemeente het Cities Appeal heeft ondertekend en daarmee de Nederlandse overheid oproept het VN-kernwapenverbod te ondertekenen en te ratificeren.
- 3. Informeer de inwoners:** verspreid informatie of organiseer een tentoonstelling over de dreiging van nucleaire wapens en de wereldwijde spanningen om deze dreiging weg te nemen.
- 4. Desinvesteer publieke gelden:** neem maatregelen om ervoor te zorgen dat fondsen die door uw gemeente worden beheerd, niet worden geïnvesteerd in kernwapenproducenten. Zie voor meer informatie: www.dontbankonthebomb.com.
